

# Accredited Financial & Wellbeing Education That Fits Alongside Your Curriculum

---

OFQUAL-regulated | Skillsfirst & VTCT  
accredited | 100% online delivery.

---

Deliver essential life skills, recognised qualifications, and  
meaningful learner outcomes — without adding pressure to  
staff, timetables, or facilities.

---

# The Challenge

- Limited curriculum time for financial and wellbeing education
- Staffing constraints limiting additional provision
- Gaps in financial knowledge among learners
- Increasing wellbeing concerns
- Ongoing financial pressure on institutions

## Our Solution

Financial eLearning delivers a fully online, accredited delivery model that removes the operational barriers typically associated with additional courses.

Our programmes are OFQUAL regulated, accredited by Skillsfirst and VTCT, mapped to the Regulated Qualifications Framework (RQF), and designed to integrate seamlessly alongside existing provision.

- 100% online delivery
- No additional teaching staff required
- No classroom space or specialist equipment needed
- Flexible access for learners

# How It Works

- Learners enrol on an accredited course
  - Learning takes place online at a flexible pace
  - Assessments are completed securely in a controlled online environment
  - Successful learners achieve a recognised qualification
- 

## Our Accredited Courses

### Managing Your Own Money

Income, expenditure, budgeting, saving, and responsible borrowing.

### Managing Personal Finance

Financial products, services, budgeting, and informed decision-making.

### Ways to Maintain Personal Wellbeing

Mental health awareness, positive behaviour, mindfulness, physical activity, and social connection.

# Flexible Funding Options

Schools and colleges may use their own existing funding routes to purchase Financial eLearning courses.

Each course is assigned a specific funding code, making it straightforward for institutions to identify and allocate appropriate funding through their usual internal approval and budgeting processes.

---

## Additional Value for Your Institution

Alongside delivering accredited education, our delivery model enables additional value to be generated for participating institutions — without increasing staff workload or operational complexity.

Further details can be explored as part of a partnership discussion.
